I want you to know that November 6–12, 2022, is Forensic Nurses Week. This special week has been dedicated to honor the extraordinary work of nurses who practice in this unique nursing specialty. Forensic nurses members have the knowledge and expertise to decrease the healthcare consequences of violence, improve patient recovery and lower healthcare costs. As the fastest growing nursing specialty, forensic nursing serves to ensure that patients who are affected by violence receive expert, compassionate, and comprehensive care.
